Maximum belt joint length	110 mm
Maximum belt thickness	6 mm
Temperature range	105°C/180°C/185°C/190°C/195°C/205°C

Art. No.	AB-Code	Description	Voltage	Plug
615800	ETSP200002	QSP 60 LF+ heating press	230	EU
615801	ETSP200001	QSP 60 LF+ heating press	110	US
615802	ETSP200003	QSP 60 LF+ heating press	230	CH
615804	ETSP200096	QSP 60 LF+ heating press	230	UK

RAPPLON® Guide rail and cover plate

LF guide rail and cover plate for the QSP 60 LF plus when the conventional guide rail does not fit.

To endless our RAPPLON® QS-Tangential flat belt, which is used in ring spinning and yarn twisting applications we recommend using the long finger guide rail and cover plate.

Art. No.	AB-Code	Description	Width
616030-10	ETSP300240	LF guide rail	10 mm
616030-20	ETSP300241	LF guide rail	20 mm
616030-30	ETSP300242	LF guide rail	30 mm
616030-40	ETSP300243	LF guide rail	40 mm
616030-50	ETSP300244	LF guide rail	50 mm
616030-XX	ETSP300361-369	LF guide rail customized	11-19 mm
